## VERSATILITY OFFERS POTENTIAL FOR EVERY PROJECT

Bluestone has a strong tradition in both Australian and European architecture, and is used in residential and commercial projects alike. The character of the stone is evident throughout the raw material, with cat paws and natural imperfections

Our Bluestone offering is flexible and versatile, meaning we can collaborate with clients to achieve bespoke, one-off custom designs. The variety of textures that bluestone is available in allows for continuity from inside to out with a solution for almost any area while its neutral tones enable it to work well with any colour palette whilst still having a life of its own.

Bluestone is dense and durable, making it effective for high-traffic flooring settings such as driveways and pool surrounds.

## COLOUR RANGES

Black Haw

Bluestone

Heron

Honeycomb Bluestone

Pacific Bluestone

Torino

## TEXTURES

Antique

1000x400mm, 30mm body 75mm face					

These sizes are a range guide only as we tend to custom manufacture as per project requirements. Given the high level of dimensional accuracy, typically these tiles can be laid with a suitable tile adhesive. Refer to installation tips for further information. Alternative textures can also be created for a project. Tile thickness requirements may be affected by the surface texture selected. For further information, installation tips and pricing please call a showroom on 1300 13 14 13.

## Bluestone

### Modular Pattern

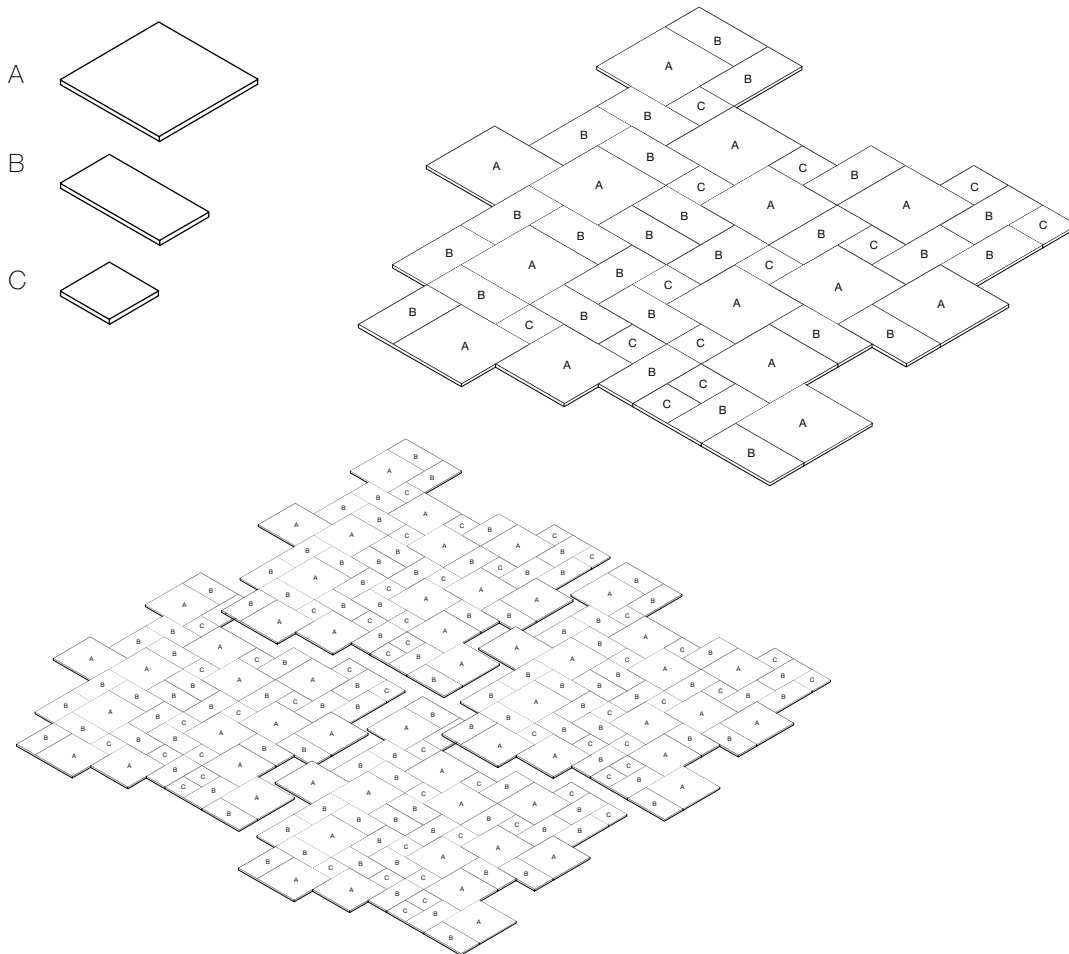

Ratio	Sizes
1	A – 805 x 805mm
2	B – 805 x 400mm
1	C – 400 x 400mm

This pattern can be interlocked from all sides.

All tile sizes can be used separately or in varying combinations.

Tile sizes have been designed to align when using a 5-7mm grout joint.

For a download of this pattern and the Pacific Bluestone pattern refer to our website.
